Peter Carey Jul 01 2020 Peter Carey, writer of such celebrated works as *Oscar and Lucinda*, *True History of the Kelly Gang*, and *His Illegal Self*, is one of Australia's most critically acclaimed novelists. Deeply concerned with South Pacific culture, especially the lives of its most downtrodden citizens, Carey uses popular art as a tool for raising the consciousness of readers. This book provides an introduction to the author's life, as well as a guided overview of his body of work. Designed for the fan and scholar alike, this text features an alphabetized, fully-annotated listing of major terms in the Carey canon, including fictional characters, motifs, historical events, and themes. Additional features include a listing of headwords, a Carey history, 44 reading and writing topics, and bibliographies of primary and secondary sources. A comprehensive index is included.

Queen of the Burglars Jan 27 2020 Born in the mid-nineteenth century, Sophie Lyons was a master thief, con artist, blackmailer and smuggler. Much of her success as a criminal was due to the fact that she was fearless, reckless, sharp and cunning--everything a woman of her time was not supposed to be. As a young child, Sophie's parents forced her to steal when she showed a talent for pickpocketing. Strong-willed and smart, she blossomed into a beautiful teenager who caught the eye of many men in the underworld of New York City. By the time Sophie reached her late teens she was married to her second husband--a notorious bank burglar named Ned Lyons--and was a professional criminal in her own right. Despite her prominent place in crime history, Sophie Lyons has never been the subject of a full-length biography. This book chronicles Sophie's fascinating and tragic life, from her beginnings as a criminal prodigy, through her ingenious escape from Sing Sing prison and her lifelong struggle with mental illness.

Discourse and the Other Mar 09 2021 The central thesis of Lawrence Hogue's book is that criticism of Afro-American literature has left out of account the way in which ideological

pressures dictate the canon. This fresh approach to the study of the social, ideological, and political dynamics of the Afro-American literary text in the twentieth century, based on the Foucauldian concept of literature as social institution, examines the universalization that power effects, how literary texts are appropriated to meet ideological concerns and needs, and the continued oppression of dissenting voices. Hogue presents an illuminating discussion of the publication and review history of "major" and neglected texts. He illustrates the acceptance of texts as *exotica*, as sociological documents, or as carriers of sufficient literary conventions to receive approbation. Although the sixties movement allowed the text to move to the periphery of the dominant ideology, providing some new myths about the Afro-American historical past, this marginal position was subsequently sabotaged, co-opted, or appropriated (Afros became a fad; presidents gave the soul handshake; the hip-talking black was dressing one style and talking another.) This study includes extended discussion of four works; Ernest J. Gaines's *The Autobiography of Miss Jane Pittman*, Alice Walker's *The Third Life of Grange Copeland*, Albert Murray's *Train Whistle Guitar*, and Toni Morrison's *Sula*. Hogue assesses the informing worldviews of each and the extent and nature of their acceptance by the dominant American cultural apparatus.

The Quest of the Four Apache Gold

The Hero of Downways Mar 29 2020 Once there was a Hero who confronted the dreaded Daggertooth and slew it. Unfortunately he was also slain by it - but the legend persisted. If it could be done once, then another Hero could be raised to do it again. Because the Daggertooth was dangerous to hibernating humanity. All people - all that anyone knew of - lived far underground in tunnels built for safety and hibernation. The Daggertooth was a mass killer - more so even than the hideous Oddlies, the outcasts of the darker tunnels. So this is the story of John-A, the "vatkid" who was trained to be a second Hero. And the story of "trukid" Shirl who taught John-A what to do. And Threesum, the Oddlies' leader, who scoffed at heroes. And the Elders who frowned at all the risky goings-on. This is the story of a mighty strange world and a mighty strange future...

The Daring Life and Dangerous Times of Eve Adams Dec 18 2021
Eve Adams was a rebel. Born Chawa Zloczewer into a Jewish family in Poland, Adams emigrated to the United States in 1912. The young woman befriended anarchists, sold radical publications, took a new name, and ran lesbian-and-gay-friendly speakeasies in Chicago and New York. Then, in 1925, Adams risked all to write and publish a book titled *Lesbian Love*. In a repressive era, long before today's gay liberation movement, when American women had just gained the right to vote, Adams's bold activism caught the attention of the young J. Edgar Hoover and the US Bureau of Investigation, leading to her surveillance and arrest. In a case that pitted immigration officials, the New York City police, and a biased informer against her, Adams was convicted of publishing an obscene book and of attempted sex with a policewoman sent to entrap her. Adams was jailed and then deported back to Europe, and ultimately murdered by Nazis in Auschwitz. In *Sex Rebel: The Daring Life and Deadly Times of Eve Adams*, acclaimed historian Jonathan Ned Katz has recovered the extraordinary story of an early, daring activist. Drawing on startling evidence, carefully distinguishing fact from fiction, Katz presents the first biography of Adams, and the publisher reprints the long-lost text of Adams's rare, unique book *Lesbian Love*.

This Will Be Easy Sep 15 2021
Hunter Smith thought his thrill-seeking days were over when he retired from the Marines and enrolled in college. But when his archaeology professor tells him about an old journal detailing the location of a forgotten people's treasure, Hunter realizes he can't let the guy go it alone. Dr. Stephen Crawley, PhD could barely find his own in the parking lot, yet he'd decided he could fly to war-torn Mexico, sneak into cartel territory, and find priceless gold. And get home in one piece. So, the two men embark on the adventure of a lifetime, just Stephen and Hunter, going for the gold. Sure,

they'd need a pilot to fly down discreetly, but that's it. And maybe a student to do all the tedious research. And maybe one more for the digging. Stephen, Hunter, a pilot, and a grad student. Or two. Maybe three. But that's it. This will be easy.

The Texan Star Sep 22 2019 A boy and a man sat in a room of a stone house in the ancient City of Mexico, capital in turn of Aztec, Spaniard and Mexican. They could see through the narrow windows masses of low buildings and tile roofs, and beyond, the swelling shape of great mountains, standing clear against the blue sky. But they had looked upon them so often that the mind took no note of the luminous spectacle. The cry of a water-seller or the occasional jingle of a spur came from the street below, but these, too, were familiar sounds, and they were no longer regarded.

Black Snake Dec 30 2022 Was Ned Kelly a villain? Or a hero? What do you think?

The Skeleton Crew, or, Wildfire Ned Oct 16 2021 First serialised between 1866 and 1867 by the Newsagents' Publishing Company and Edwin J. Brett, The Skeleton Crew, or, Wildfire Ned was among the finest and most popular of the fierce 'penny dreadful' tales which flourished in the mid nineteenth century. Edward Warbeck, the eponymous Ned, pursues a quest to defeat murderous bandits known as the Skeleton Crew, led by the indefatigable Death-wing. Occultist A. E. Waite described this bloodthirsty tale as "suggestive of a film produced by the inmates of Bedlam" with a storyline "in a state of nightmare". The original vivid, and often terrifying, images of the skeleton outlaws are reproduced in this edition. This edition also includes a critical introduction, explanatory footnotes, and extensive contextual material.

The Texan Scouts Jul 13 2021 *The Texan Scouts* by Joseph A. Altsheler is the story of the Battle at the Alamo. Altsheler's

cow rancher hero Ned must survive and watch as his town crumbles at the hands of war. Excerpt: "The horseman rode slowly toward the west, stopping once or twice to examine the wide circle of the horizon with eyes that were trained to note every aspect of the wilderness. On his right, the plains melted away in gentle swell after swell, until they met the horizon. Their brown surface was broken only by the spiked and thorny cactus and stray bits of chaparral. On his left was the wide bed of a river that flowed through the sand, breaking here and there into several streams, and then reuniting, only to scatter its volume a hundred yards further into three or four channels. A bird of prey flew on strong wings over the water, dipped, and then rose again, but there was no other sign of life. Beyond, the country southward rolled away, gray and bare, sterile and desolate."
