The interdisciplinary book series Studies in Spiritual Care (SCC) publishes international research ranging from studies on specific aspects of Spiritual Care to programmatic contributions to the self-understanding of this new practice and research area. The series is of interest to professionals working in the field as well as to students, researchers, and scholars from the fields of medicine, pastoral care, psychotherapy, and social work. Volume V distinguishes religious and spiritual education and takes a multi-faith approach to pedagogic, curricular and resource issues. The important area of collective worship is also addressed. Das Arbeitsfeld des „Spiritual Care “ entwickelt sich interdisziplinär an den Schnittstellen von Medizin, Pflege, Sozialer Arbeit, Psychotherapie, Seelsorge und anderen relevanten Bereichen. Begriffliche Klarheit ist nötig, um über Fächergrenzen hinweg kooperieren zu können. Das „Begriffslexikon Spiritual Care “ greift auf Vorarbeiten in der gleichnamigen Zeitschrift zurück, in der bereits in loser Folge Begriffe als „Stichwort “ erläutert wurden. If interreligious dialogue is to bear fruit of mutual understanding, respect, and peace, it needs to be rooted in the specific spiritual space of each religious tradition. For Christians, that milieu is Jesus space, shaped by faith in the paschal mysteries and nurtured by prayer, study, and love. With this as his starting point Benot Standaert invites us to join him as he visits different religious spacesthose of Jews, Muslims, Buddhists, and agnosticsto show how we can live in peace with those who dwell in a

spiritual space that is different from our own. Spiritual Care ? die Sorge für spirituelle Bedürfnisse Kranker und ihrer Angehörigen ? entwickelt sich zunehmend zu einer eigenständigen Säule des Gesundheitswesens. In vier Schritten entwickelt dieses Buch einen neuen Ansatz von Spiritual Care aus Sicht Praktischer Theologie. Präzise Beobachtungen des Krankenhausalltags werden mit theologischen Analysen von Phänomenen wie Tod im Umfeld der Geburt verbunden und führen zu einem besseren Verständnis für spirituelle Bedürfnisse und Ressourcen von Patienten, Angehörigen und Pflegenden. Education is in a constant state of renewal internationally where it responds to a number of pressing social, political and cultural issues. Processes of globalization, a number of conflicts and acts of terror, economic and environmental crises have led to large waves of migration and asylum seekers arriving in countries with the hope of finding safer and more stable places to settle. This, in turn, has led to cultural and religious pluralism being a key characteristic of many societies with corresponding issues of belonging and identity. As well, for many people, there has been a shifting influence of and allegiance away from traditional religious frameworks with the emergence of new religious movements, both peaceful and violent, and a rise in popularity of spirituality and non-religious worldviews which provide alternate frameworks for living healthy and ethical lives. In order to prepare today ' s student for tomorrow ' s world, one which is confronted by a range of risks and crises and which is being shaped by rapidly changing technologies, educators and researchers are investigating new ways of equipping students to deal with these challenges and

opportunities, including the nurturing of spiritual wellbeing. This book brings together the voices of many experienced educators to discuss ways to re-enchant education and re-enliven learning programs in response to these 21st century issues in an increasingly global and interconnected world. It examines a range of international contexts, including secular and religious educational settings, and provides an avenue for visionary voices that identify problems and offer solutions to help shape a more promising education system that will prepare children more constructively and beneficially to flourish in their future worlds. This is a very personal and deeply inspiring book of reflections on health and both physical and spiritual healing. Borowitz is a devout and charismatic Christian pharmacy professor at a major university. He tells stories of his own spiritual journey and his eventual transforming relationship with the Holy Spirit. He also relates stories of miraculous healings as well as how the Holy Spirit works with physicians in bringing about better health results. These stories are inspiring and touch one's faith life. Borowitz's stories about his teaching medical students and helping them be better doctors and open to the healing affects of faith are fascinating and instructive. This is a book that will open the reader's mind and heart to the work of the Holy Spirit and modern medicine. - Donald W Mitchell - Don is Dr. Donald Mitchell, Professor Emeritus of Religious Studies , Purdue University. He is also Advisor to the US Conference of Catholic Bishops. For 10 years he served as Advisor for the Vatican Pontifical Council for Interreligious Dialogue. The Awakening Tetralogy: A Series of Four Spiritual Books - Book 2 What is the meaning of Life? Why am I here? These are the questions that have been asked for millennia

and have haunted millions of people over many lifetimes. A young girl named Amara is no different. As she navigates through childhood, Amara finds herself questioning her purpose, which leads her on a Spiritual Journey of Awakening and Enlightenment, narrated through the eyes of her Spirit Guide, Bodhi. Join Bodhi on this fascinating adventure as he explains how he helped Amara Awaken and reconnect with him, as well as what the life of an accompanying Spirit Guide is like. Use Amara's story to find guidance, purpose, and meaning in a world that often looks only to the Ego for answers. The Spirit Guide: Journey through Life is the second book in the Awakening Tetralogy focusing on our human existence and our connection to the Spirit within. Ausgehend von spezifischen Bedürfnissen von Seelsorge, Spiritual Care und Beratung in verschiedenen Bereichen werden Fragen der Interkulturalität, Interreligiosität und des interdisziplinären Austausches bearbeitet. Seelsorge- und Beratungskonzepte aus verschiedenen Weltreligionen werden vorgestellt und die Erwartungen verschiedener Gemeinschaften an Spiritual Care analysiert und verglichen mit konfessioneller Seelsorge und Beratung. Im ersten Teil des Bandes wird das jeweilige Verständnis von Spiritual Care aus der Perspektive der Seelsorge, der Psychologie sowie der Medizin sowie dessen Rückwirkungen auf die drei Disziplinen skizziert. Im zweiten Teil wird je aus jüdischer, islamischer und christlicher Sicht ein Blick auf Spiritual Care, Seelsorge und Beratung im Kontext pluraler Gesellschaften geworfen. Der dritte Teil umfasst 7 Fallstudien zum Stellenwert und zur Praxis von Spiritual Care auf 5 Kontinenten. Sigmund Freuds 1927 erschienene "Zukunft einer Illusion" und die kurz darauf verfasste Erwiderung des

reformierten Pfarrers und Psychoanalytikers Oskar Pfister ("Die Illusion einer Zukunft") eröffnen einen spannungsreichen Dialog zwischen dem Denken, der Praxis, den verschiedenen Schulen und Institutionen der Psychoanalyse einerseits und Theologie, Philosophie und Religionsgemeinschaften andererseits. Der aktuelle "Spiritual Turn" zeichnet sich durch die Hinwendung zu vielgestaltigen spirituellen Suchbewegungen des religiösen Subjekts aus, sowohl innerhalb religiöser Institutionen als auch unabhängig von diesen. Dieser "Spiritual Turn" löst eine Demokratisierung der Spiritualität, aber auch der klassischen psychoanalytischen Religionskritik und ihres Dialogs mit ihren Gesprächspartnern aus. Separating spirituality from religion--something few books on this topic do--Spirituality and Aging offers a plan for incorporating spirituality into gerontological scholarship, research, education, and practice. Aging Time with God Klaus Issler considers seven character traits and companion disciplines to develop in light of God's friendship with us in order to help us make more room in our lives for him. Wisdom, Wit, and Sacred Writ are the outstanding interactive hallmarks of this fourth and final volume in The Spiritual Wisdom of the Gospels for Christian Preachers and Teachers series. In the same style and format as the first three volumes, Shea presents evocative reflections to enhance Scripture-based preaching and teaching for liturgical feast days, funerals, and weddings. Christian preachers and teachers and anyone interested in the spiritual life will find Feasts, Funerals, and Weddings an insightful and relevant resource. John Shea, STD, is a theologian, author, and storyteller who lectures nationally and internationally on storytelling in world religions,

faith-based healthcare, contemporary spirituality, and the spirit at work movement. Who doesn't want a liberated life? Jesus offers us liberation as we grow in a Christian spiritual life. But first we need to liberate our concept of Christian Spirituality from ideas that relegate it to Church on Sunday, new age self help, devotional or ascetical practices, or fundamentalist aggression. Traditionally, Christian spirituality liberates Jesus' disciples from personal sin and helps them to challenge sin's social consequences so that once liberated, they will work to liberate others. Christian spirituality (living the Gospel) brings good news for the poor, liberty for the captives, recovery of sight for the blind, and freedom for the oppressed. This is what Jesus came to do, and this is what we as his disciples are called to do as we live our Christian callings in the world. Whether we are at home, work, or play we are called to be Christian. Beyond Piety invites readers to grow in their understanding of what it means to be a disciple of Christ. More than a book on Franciscan or Hispanic Spirituality, this book is about the Christian Spirituality all Christians are called to live. It is about our human and Christian identity and the God we believe in. It is about getting to know the Word of God and letting that Word get to know us. It is about worship and religious devotion and moving beyond piety to Christian action. It is about the call to justice and liberation. Annotation "The goal of this book is to provide an overview for psychologists, psychiatrists, social workers, clergy, correction professionals, and volunteers of the role that chaplains play in assisting prison management in the rehabilitation of offenders in addition to their ministerial and administrative responsibilities."--BOOK JACKET. America, Inc. All Rights Reserved. Being a Christian is not a guarantee that you will receive all your heart desires. Though God wants you to receive all your heart desires, you must conform to the principle of Spiritual Warfare before you can receive them. The physical is governed by the spiritual. For you to control your physical environment, you have to win your Spiritual Warfare. If you want to enjoy good health, prosper in the area of marriage, prosper financially, or receive any desire of yours, you must win your Spiritual Warfare. Unfortunately, very many people neither know what Spiritual Warfare really means nor how to wage the war. Some even call it 'warfare prayers'. Though prayer is very important, it has nothing to do with Spiritual Warfare. This explains why many pray so much and still experience lack. If Spiritual Warfare were about prayers, you probably wouldn't have any of your needs unmet - because I believe you must have prayed very hard. If Spiritual Warfare is not about prayers, what then does it mean? This book contains a shocking revelation of the actual meaning of Spiritual Warfare and how to wage the war successfully. Pastor Chris Ojigbani is the Senior Pastor of Covenant Singles and Married Ministries. God commissioned him to liberate marriages through the preaching of the Word. He and his wife Uche, who is also involved in the ministry, live in Lagos, Nigeria. Simplicity in forms of worship, opposition to violence, concern for social injustice, and, above all, a faith in the personal and corporate guidance of the Holy Spirit are characteristics of the spirituality of the people called

Quakers. The author has assembled a comprehensive collection of Quaker writings. A perennial problem for spiritual traditions of all sorts is dualism—either a positing of a false distance between the Divine and the created or a rejection of creation and the human body. Many contemporary spiritual seekers have sensed this problem and sought to remedy it through myriad solutions drawn from various spiritual traditions and secular wisdom, both Eastern and Western. Cyprian Consiglio, OSB Cam, explores Christianity ' s contribution to the discussion. He offers a revisioning and rearticulation of this teaching, based on the prophetic seminal work of Bede Griffiths, toward a practical and integral spirituality that reverences all aspects of our being human—spirit, soul, and body. Saint Paul declares, "Live by the Spirit" (Gal 5:6). This means our way of living ought to be guided by the Holy Spirit. Through a series of theoretical reflections, questions, and directed activities, this activity book will help you understand the relationship between spirituality and ethics, provide you some theoretical tools and practices for doing ethics and living spiritually, and encourage you to clarify your own manner of approaching ethical questions, founding moral values, and theological positions that undergird ethics and spirituality. Your moral imagination will be stimulated. Have fun!

Das Gesundheitswesen befindet sich im Wandel. Neben Globalisierung und Digitalisierung verändert auch das Aufkommen einer interprofessionellen Spiritual Care den Klinikalltag. Welche Rolle kann hier die christliche Klinikseelsorge einnehmen? Sollen Patient\*innen umfassend und empathisch betreut werden, dürfen nicht nur Symptome und Diagnosen im Vordergrund stehen. Genauso wichtig ist,

was eine Erkrankung für den Menschen im Krankenhausbett bedeutet und wie der neuen Situation begegnet werden kann. Das Buch ist ein Plädoyer dafür, die christliche Krankenhauseelsorge als spezialisierte Spiritual Care zu profilieren und im Horizont des christlichen Heilungsauftrags neu zu verstehen. Nur in enger Zusammenarbeit mit Gesundheitsfachpersonen kann sie weiterhin ihren Auftrag wahrnehmen und eine gerechte und humane Gesundheitsversorgung fördern.

Have you met an engineering professor? Have you met an engineering professor who is deep into spirituality and writes spiritual books? I have, and he is me. I had worked as an engineering professor in a university in Singapore. I now write philosophical, self-help and spiritual books. For an engineering professor to become a spiritual author is unusual to say the least. Indeed, it is this unusualness that prompted me to write this book. Engineering and spirituality are often perceived as two ends of a spectrum, and it is. As engineering deals with the physical, and spirituality deals with the non-physical, there is actually tremendous synergy once they are combined. In this book, there are ten chapters in which I share my physical and spiritual journey. They are: (1) Study years, (2) Working years, (3) Academic years, (4) From an engineering professor to a spiritual author, (5) Care for the dying, (6) Being unemployed, (7) Return as consultant, (8) Into politics and socio-political writings, (9) Becoming a spiritual philosopher, and (10) Epilogue. You are invited to join me on this journey. I hope this sharing is beneficial to you. May your life be filled with peace, love, joy and harmony! In recent years, many Christian clergy, laity and mental health professionals have rediscovered the ancient

practices of spiritual direction. Seen as a refreshing alternative to the techniques and limitations of modern psychology, such practices offer new insights for pastoral care. But many remain unclear on what spiritual direction is and whether its methods are applicable to their own clients and parishioners. Spiritual direction is a practice of Christian soul care that is found most notably in the Catholic, Orthodox and Episcopal traditions but is also present in Wesleyan/Holiness, Pentecostal/charismatic, social justice and Reformed communities. Predating modern counseling and psychotherapy movements but sharing key principles and insights for spiritual formation, spiritual direction offers significant resources for today's pastors, counselors, therapists, chaplains and other caregivers attuned to the work of God in people's lives. In this landmark volume, editors Gary W. Moon and David G. Benner, along with a team of expert contributors, provide a comprehensive survey of spiritual direction in its myriad Christian forms. Specific chapters offer careful historical perspective and contemporary analysis of how Christians from various backgrounds have practiced spiritual direction, with particular attention to each tradition's definition of spiritual direction, the process of authentic transformation, the role of the spiritual director, indicators of mature spirituality and other aspects of the spiritual direction process. Chapters also provide psychological and clinical insight into how spiritual direction is similar to, different from and can be integrated with psychotherapy and pastoral counseling to help others experience spiritual transformation and union with God. A helpful book that offers wisdom and inspiration as relevant to CEO's as they are to mailroom clerks and midlevel managers. Here at last is a book that deals

seriously and comprehensively with the rapidly growing field of spiritual direction. Spiritual Direction offers practical help to those clergy and laypersons who are responsible for the spiritual lives of other people. Spiritual Direction encourages spiritual directors to take their responsibilities seriously and professionally, moving spiritual direction away from "cozy little chats" to the "cold, hard slab" of the examining table. Equipped with certain skills--a keen knowledge of human psychology and an awareness of biblical and contemplative traditions--the spiritual director objectively examines the client, then offers concrete guidance for the spiritual life of the client. As a prominent figure in pastoral theology and Anglican spirituality for three decades, Martin Thornton is uniquely qualified to offer us insights into spiritual direction. He restores credibility and professionalism to spiritual direction, which is at once hard, analytical, and supportive. Thornton writes with wit, common sense, and an absence of sentimentality on a topic that calls for serious attention. Spiritual Direction is important reading for the increasing numbers of laypeople involved in spiritual direction, as well as for clergy and pastoral counselors. The traditional venues for making sense of the complicated apostle Paul are history and theology. Indeed, one cannot understand him apart from either. However, something is still missing from our portrait of Paul. Rather than thinking of Paul as a theologian and an apostle, Leslie Hardin argues there is great benefit in approaching him as a disciple, a Spirit-filled man who wanted to pass vibrant spirituality on to those he encountered. In *The Spirituality of Paul*, Hardin uncovers the things Paul practiced in his own life, and those he taught his followers, in order to attempt to live an authentic, Spirit-filled Christian life.

Hardin points out that in order to foster the power of the Spirit, Paul, like each of us, had to dedicate himself to everyday routines and practices. What were those spiritual disciplines? How did they help him? And how might they be applied in our modern lives to bring us closer to Christ? Whether a general reader or mature believer, the reader of this book will find Paul to be a true brother, a fellow sinner receiving grace. This practical approach to a simplified, fulfilling Christian walk will help you cultivate spiritual disciplines without needless stress. David Hay argues for the inclusion of spiritual awareness as a cross-curricular element in the school syllabus to promote the development of morality and social cohesion. This stimulating book will encourage educators, parents and others involved in teaching children to consider new approaches to foster children's natural spiritual development. Newman and Life in the Spirit collects essays from leading theologians and scholars examining the theology and spirituality of one of the most important and beloved nineteenth century theologians, the recently beatified John Henry Newman. The essays in this volume present critical analysis of the perception and role of spirituality in various aspects of Newman ' s thought, from his doctrinal work to his university and parochial sermons, and argue for its significance to Christian theology and practice in the twenty-first century. Neben dem Bedarf an medizinischer Versorgung haben Patientinnen und Patienten auch das Bedürfnis nach spiritueller Fürsorge, weswegen das Krankenhauspersonal sehr häufig mit spirituellen Fragen konfrontiert wird. Da das Personal in diesem Bereich jedoch oftmals nicht geschult ist, führen diese Fragen häufig zu Unsicherheit und Überforderung. Wie aber kann die

Implementierung von Spiritual Care in einen effektiven Klinikalltag gelingen? Dieses Buch stellt ein Fortbildungsprogramm vor, welches wissenschaftlich evaluiert und durch die positiven Veränderungen im Haus zum "Ankerprojekt Klinik Diakonissen Linz" für das Diakoniewerk wurde. Die verschiedenen Berufsgruppen lernen dabei Methoden und Wege kennen, mit spirituellen Bedürfnissen umzugehen. Anhand zahlreicher Praxisbeispiele und Erfahrungen zeigt das Werk auf, wie Spiritual Care möglichst einfach und wirksam in der Klinik und in Einrichtungen der Langzeitpflege umgesetzt werden kann. Das Thema 'Spiritual Care' hat Konjunktur. Wovon aber ist die Rede? Während die einen von einem interdisziplinär angelegten Konzept 'Spirituelle Begleitung' im palliativmedizinischen Kontext oder sogar von einem neuen Fachgebiet in der Humanmedizin sprechen, denken andere an eine zeitgemäßere Variante von Klinik- und Altenheimseelsorge. Um eine Klärung zu erreichen, zeichnet die Autorin zunächst die Entstehungs- und Expansionsgeschichte von Spiritual Care nach. Nach der Darstellung des Theorie- und Praxisdesigns wird Raum für konstruktiv-kritische Anfragen eröffnet. Auf der Basis feststellbarer (In-)Kompatibilitäten zwischen Spiritual Care und Seelsorge bringt Nauer provokativ auf den Punkt, warum Spiritual Care für MitarbeiterInnen des Gesundheitswesens, christliche SeelsorgerInnen, Kirchen und Caritas/Diakonie eine ernstzunehmende Herausforderung darstellt. Wer ist für die Seele zuständig: Seelsorgerin oder Arzt? Was sind interdisziplinäre Chancen und Risiken von Palliative und Spiritual Care? Die Beiträge einer Tagung der Abteilung Seelsorge der Theologischen Fakultät Bern in Verbindung mit

dem Inselspital Bern und dem Schweizerischen Evangelischen Kirchenbund vom April 2013 beleuchten verschiedene Positionen aus Medizin und Theologie. Einer Klärung der Begriffe Palliative Care, Spiritual Care und Spiritualität und einer Übersicht über den aktuellen Forschungsstand folgen Beiträge zu Medizinethik und Seelsorge. Mit «Ethik und Spiritual Care» und «Seelsorge und Spiritual Care» kommen zwei pointierte theologische Positionen zu Wort, denen mit «Spiritual Care: Eine Aufgabe für den Arzt?» eine ebenso prägnante medizinische gegenübersteht. Zum Schluss reflektiert ein Beitrag die interdisziplinären Möglichkeiten und Schwierigkeiten von Palliative und Spiritual Care. \*\*Mit Beiträgen von Manfred Belok, Gian Domenico Borasio, Steffen Eychmüller, Claudia Kohli Reichenbach, Frank Mathwig, Pascal Mösli, Isabelle Noth, Lea Siegmann-Würth.\* The mind, body, and soul are the core parts of you to focus on refining if you 're seeking to bring your soul back to that profound state of high vibrational happiness it was born with. spiritual in our present troubled times. Drawing on his experiences as a former priest, Watts skillfully explains how the intuition of Eastern religion—Zen Buddhism, in particular—can be incorporated into the doctrines of Western Christianity, offering a timeless argument for the place of mystical religion in today ' s world. This book is an exploration of contemporary spirituality. It is alert to the fact that spirituality is about many things. It is about the sublime and the deep, and the inward and the outward turn. It recognizes that to become truly human means searching
