Finding your way are down-to-earth lessons with practical solutions for aspiring and daring leaders. Walter Boston, Jr. in a riveting and humorous way, engages you in a learning adventure, that hubs around fundamentals guaranteed to help any leader in their time of uncertainty. He offers you proven and tried principles on: The power of Discovery The task of Decision-making The keys to personal Development The way to renew your passion for your Dream Timeless strategies for Dollars And so much more! Regardless of your arena of leadership, you will find the lessons of Walter helpful in your quest to become a better leader. If you read this book once, it is certain you will refer to it again and again for guidance for years to come as the lessons are timeless and boundless. This reading experience will address straightforward your seasons of vagueness, and revive clarity and desire within you, in a manner you've never thought could be possible. You will FIND YOUR WAY! For thousands of years people have tried to understand the elusive quality of Leadership. Still no consensus. What it means to be a leader differs according to the circumstances. This book examines the timeless, underlying qualities that must be present in a person if they are

to be perceived as a leader by those around them. The distilled the essence of leadership is then formulated into a simple, easy to use process model for anyone to use, whether they be project managers, team members or simply people wishing to become embodiments of those leadership qualities. Leadership and the Tao is a fresh take on the timeless question of "What is Leadership?" Read what the ancient Chinese philosopher Lao Tzu had to say and marvel at how up-to-date is this 2,500 advice when seen in comparison with what modern day experts have to say. Come to understand Leadership as an aspect of the self-actualising person; someone who is in the process of expressing their fullest potential as a human being. This book combines the distilled wisdom of modern day thinkers like Peter Drucker and Warren Bennis with the timeless wisdom of the ancient sages. You might be surprised how useful this book turns out to be. With an aim to inspire young leaders, Timeless Leadership forms an effective bridge between classical wisdom and modern-day leadership skills. Checklist for Life for Leaders is the ultimate handbook for leaders and those who aspire to leadership. It contains principles for living a successful, joy-filled life. In addition to a brief narrative, each chapter of this interactive handbook contains: An "I Will" checklist of heart and attitude reinforcements A "Things to Do" checklist of action

points A "Things to Remember" section of Scripture verses and applicable quotes from famous and not-so-famous people In all, there are insightful narratives, Scriptures, quotations, and checklists on sixty-six important topics. The practical, inspirational content plus the attractive two-color text design and unique cover make this a book leaders will want to own and give as a gift. The origins of business strategy are found in military applications. Generals throughout the ages faced formidable challenges as they crafted plans to outmaneuver competing forces, acquire territory, and gain power. Similarly, business leaders also looked to outmaneuver their rivals as they entered new markets against entrenched competitors, secured a strong market position, and expanded their companies' influence. Although the destructive aspects of war are not present in business, there is a reasonable parallel, such as the bankruptcies of once mighty companies, which resulted in layoffs of thousands of employees and the closings of numerous plants. Then, there is the devastating economic impact and societal disruption that creates demoralizing misery among large groups of individuals in once flourishing cities, such as Detroit, Michigan, as well as in numerous other once-thriving areas worldwide. Essentially, the intent of the book is to improve managers' ability to think strategically. The further aim is to blend the timeless lessons of

military strategy into business plans, with impact in grass-roots engagements with customers, as well as the inevitable clashes with competitors. In addition, readers can access a body of knowledge that has endured in written form and practiced by successful leaders for centuries. As such, managers will hold a competitive edge in an evolving digital-age marketplace. The subject of leadership has been written all the years by both big and small names, in large and small prints. Why, then, would I bother to write another book on this subject? Why would one need to read this book? Perhaps in the following few paragraphs I will be able to make a case for this inspired cause and thus gain your most precious audience. "Running away from a problem does not solve it," one of my teachers said. "You must confront the problem in order to solve it." In my childhood, I learnt the value of taking responsibility whenever there was something that needed to be addressed. These were my first leadership lessons. In that case, therefore, in my study and practice, I still felt a sense of responsibility to add my little voice to this very important subject, even if doing so could only help a single individual to be inspired into becoming the person The Creator intended in him or her. This book, over and above learning leadership, helps people to identify their purpose in life and unify it with their leadership agenda with a view of leaving a timeless legacy. Life therefore becomes

one adventurous journey of leadership to all who study this book. Of course the very first person that you ought to lead is yourself and by being able to appropriately do so, you earn the right to lead others too. They, themselves, shall be willing to be led by you. In this book, I share personal life experiences in leadership in the simplest possible language for leaders at all levels to draw maximum benefit from. My innate drive to keenly and reflectively study situations from every facet of life I get involved in and my love for music found an opportunity to converge. Thus this book uses the metaphor of orchestral music to share salient leadership lessons that would hitherto stay hidden from some people. This is not a music book. It is a leadership book. You do not have to know music in order to appreciate it. All you have to do is contemplatively tap your right foot to its beats as you drink from its priceless pot of knowledge. As life would have it, the universe is full of music. All around us is music in the sense of harmony. The Creator did not intend any chaos but harmony in all we see and do. That is what makes music; many parts, many instruments, many participants but one beautiful piece of art that is pleasing to the ear. The same applies in all our leadership positions. We have to bring all pieces together in order to achieve the envisioned results. That is the language of life. Whoever makes the best symphony becomes the

greatest leader;- the greatest director for the orchestra. It is my belief that you will enjoy the musicality in this leadership book as you dutifully mine the nuggets of wisdom that lurk within the pages into your life. The lessons you are going to learn by studying it shall forever remain imprinted in your heart and positively contribute to your immortality. I wish you all the best in your leadership endeavors and look forward to receiving a feedback from you about how this book impacted your life. Otieno Paul-Peter, Esq.

pp@liveyourdream.co.ke Live Your Dream

Enterprises Ltd www.otienopaulpeter.com With this NIV Once-A-Day Bible for Leaders you can read through the Bible in a year. Or at your own pace.

Now you can practice the spiritual discipline of daily Bible reading with a special focus on leadership.

Plus, you can read at your own pace. Want a reading plan that will take you through the Bible in a year?

You got it—with check boxes and all. Don't want the guilt of falling behind? You won't—each daily

reading is not dated but numbered, allowing you the flexibility you need as you strive to engage God's

Word every day. The NIV Once-A-Day Bible for Leaders organizes the clear, accessible New

International Version Bible into 365 daily readings.

Each day's reading includes a portion of Scripture

from the Old Testament, the New Testament, and a

Psalm or a Proverb. And to help you develop your

leadership skills with a biblical focus, each daily reading includes a leadership insight from both past and present outstanding leaders. Featured leaders include Bill Hybels , Wayne Cordeiro, Erwin McManus, Charles Stanley, Max Lucado, Ann Voskamp, Chuck Swindoll, and many more. Henry V is Shakespeare's greatest leader inspired and inspiring, visionary yet pragmatic, powerful yet responsible. As a study of an inspirational leader he remains unparalleled. As a new king, Henry unites a group of disparate people around a common goal, learns to face his own self-doubts, and inspires his followers to a near-miraculous victory against all odds. It s an allegory for the trials and tribulations that beset the modern business leader. In this fascinating book, acclaimed stage director and creative consultant Richard Olivier draws on his intimate knowledge of the play, and its absorbing central character, to unmask the secrets of inspirational leadership and reveal the timeless lessons it hold for managers and leaders today. With unique practical understanding gained from working with real-life managers and leaders on this seminal text, Olivier successfully combines ancient wisdom with modern experience. Following the journey of the play, he tracks the development of Henry as a leader, offering timeless insights into the psychology, skills and techniques of effective, inspirational leadership. Every year, over 10,000

*business books are published-and that's before you add in the hundreds of thousands of articles, blogs, and video lectures that are produced. Leaders can't possibly hope to digest it all, and writers increasingly sensationalize and spin their ideas in order to be noticed. The result? Put quite simply, the field of management thinking is in danger of losing the plot. In this new book, Scott Keller and Mary Meaney-Senior Partners at McKinsey & Company, the world's preeminent management consultancy-cut to the chase by answering the 10 most important and timeless questions that every leader needs to answer in order to maximize the performance and health of their organization. What's more, the authors recognize that great leaders may not have time for long-winded business books. In *Leading Organizations*, answers are kept to the essentials-hard facts, counter-intuitive insights, and practical steps-all presented in an accessible and highly visual format. If there's one essential business book you should read-ever-it's this one. Leadership is a popular topic today because it's so central to personal, team, and organization success. This has lead to a confusing multitude of leadership grids, charts, formulas, jargon, fads, charismatic stories, and buzzwords. Drawing on decades of research, extensive experience coaching and developing thousands of managers, and previous bestselling books, Jim*

Clemmer distills today's leadership information overload to its core essentials. The result is a series of insights and bite-sized briefings on the timeless principles of leading people, The Leader's Digest. Based on the overwhelmingly positive feedback for his previous bestseller, Growing the Distance, Jim Clemmer wrote The Leader's Digest using the same "leadership wheel" framework. By popular demand, he continues with the unique format interweaving pithy quotations, anecdotes, and insightful commentary. Discover the essence of transformative leadership by studying how Jesus led. Gene Wilkes, a popular conference speaker, describes how Jesus led. He identifies seven practical principles for today's leaders, to assist them with everything from humbling their hearts to building a team for Christ. Leadership by the Good Book will inspire, empower, and equip men and women to lead their businesses, their teams, their ministries, and even their families to greater heights and to have an eternal impact. For David L. Steward, founder and chairman of World Wide Technology, his philosophy for building a successful business is simple and founded on a Biblical principle: "For even the Son of Man did not come to be served, but to serve" (Mark 10:45 NIV). As a business leader, he says, the first priority is to serve employees. Together with Brandon K. Mann, these two leaders distill their wisdom in this field guide for

leaders who want to bring respect, integrity, honesty, and trust to the workplace. Steward and Mann draw from personal experiences as well as share insights and examples of how God's Word has informed and influenced their leadership. Each chapter ends with a section titled *Your Leadership Flywheel: Learn, Live, Lead, Legacy*, which includes self-reflection questions, application of biblical principles, as well as a prayer. Today's professionals need reliable models to teach them how to become better leaders. In this remarkable book, leadership experts Blaine McCormick and David Davenport introduce us to a new kind of leader by offering a new image of leadership--the leader as shepherd. Drawing on the wisdom of the timeless Twenty-Third Psalm, the authors provide professionals with ancient wisdom for grappling with today's leadership challenges. *Shepherd Leadership* offers a much-needed lens through which to consider our own leadership as well as the leadership of those around us. This book teaches us important lessons about leadership: we can be vigilant without being adversarial, we can serve without being passive, and we can guide without commanding. *Shepherd Leadership* offers a visionary new model for transforming leadership practices in both corporate and small business settings. This is whole-person leadership. It's not just a matter of thinking or doing things a certain way. It's a fully integrated life--a

matter of head and hand and heart. It's a way of thinking and doing and being. Blaine McCormick and David Davenport inspire leaders with a fresh interpretation of this familiar spiritual text, helping all to integrate their spiritual life with their working life through a unique blend of timeless wisdom and contemporary business leadership strategy.

Drawing upon the timeless wisdom of the Bhagavad Gītā, a philosophical-spiritual world classic, this professional book highlights the spiritual and moral dimensions of management using an inside-out leadership development approach. It interprets the Bhagavad Gītā's teachings on the personality types and psychological makeup of managers and employees; self-knowledge and self-mastery; and the leadership concepts of vision, motivation, and empowerment. This book covers topics such as training of the mind, ethical leadership, communication, stress management, and corporate social responsibility (CSR). Collectively, the enclosed contributions provide managers with an enhanced outlook on management functions such as leading, planning, organizing, and controlling in today's organizations, particularly those run by knowledge workers. Management research in the 20th century has mainly focused on the industrial paradigm characterized by a hierarchical structure of authority and responsibility with an individualistic focus on the personality of the manager. However, this

traditional paradigm cannot solve many of the problems that confront leaders and managers today. Recent studies have shown that values traditionally associated with spirituality—such as integrity, honesty, trust, kindness, caring, fairness, and humility—have a demonstrable effect on managerial effectiveness and success. Although traditionally interpreted as a religious-spiritual text, the Bhagavad Gītā teaches these values which can be extrapolated and applied to practical management lessons in today’s corporate boardrooms. Applying the text of the Bhagavad Gītā to the context of management, this book views the manager as an “enlightened sage” who operates from higher stance, guided by self-knowledge and self-mastery. It demonstrates how character is the key ingredient for effective management and leadership. This book is therefore applicable to all managers, from first-line to CEOs, in their management and leadership roles in organizations. The increase in volatility, uncertainty, complexity and ambiguity in business and society is confronting many managers with the question of which skills they need to adapt or relearn to act effectively as managers in the future. The authors show you that the key to this does not lie in the learning of new management concepts. On the contrary, effective leadership is much more about homing in and focusing on what has not changed, namely the core attitudes and patterns of

action inherent in human beings. Content: Leadership as a transformation process A basic framework of patterns of action as a basis for effective leadership and personality growth Morality as the inner orientation and basis for economically sustainable leadership Courage as a catalyst Henry V is Shakespeare's greatest leader inspired and inspiring, visionary yet pragmatic, powerful yet responsible. As a study of an inspirational leader he remains unparalleled. As a new king, Henry unites a group of disparate people around a common goal, learns to face his own self-doubts, and inspires his followers to a near-miraculous victory against all odds. It's an allegory for the trials and tribulations that beset the modern business leader. In this fascinating book, acclaimed stage director and creative consultant Richard Olivier draws on his intimate knowledge of the play, and its absorbing central character, to unmask the secrets of inspirational leadership and reveal the timeless lessons it holds for managers and leaders today. With unique practical understanding gained from working with real-life managers and leaders on this seminal text, Olivier successfully combines ancient wisdom with modern experience. Following the journey of the play, he tracks the development of Henry as a leader, offering timeless insights into the psychology, skills and techniques of effective, inspirational leadership. Eleanor Roosevelt's

remarkable ability to confront and overcome hurdles—be they political, personal, or social—made her one of the greatest leaders of the last century, if not all time. In *Leadership the Eleanor Roosevelt Way*, author and scholar Robin Gerber examines the values, tactics, and beliefs that enabled Eleanor Roosevelt to bring about tremendous change in herself and in the world. Examining the former first lady's rise from a difficult childhood to her enormously productive and politically involved years in the White House, as a U.N. delegate and an honorary ambassador, an author, and beyond, Gerber offers women an inspiring road map to heroic living and an unparalleled model for personal achievement. This book is a veritable tackle box of lines, leaders, and lures. Any one of the 36 chapters may provide the solution to a vexing problem at home or at work. Any one idea may empower you to improve relationships and reel in impressive bottom-line results. This newly redesigned edition is expanding to include more than 70 examples from the Gospel of Mark that explore and adapt the individual techniques that made Christ's leadership so powerful. Timeless leadership principles are taught through engaging stories, giving the lessons depth and easy application aimed at your successful leadership development. A quick and easy-to-use, results-based handbook for meeting today's leadership challenges. The timeless leadership

wisdom of the Bhagavad Gita explained Although it was written well over two thousand years ago, the Bhagavad Gita ("Song of God"), a revered Hindu religious text, contains an immense wealth of ageless wisdom that speaks directly to the needs of today's business leaders. Timeless Leadership takes this unlikely resource and teases out important lessons on 18 aspects of leadership, from commercial vision to motivation, decision-making, and planning. Looking in detail at what the Gita has to say about these and other issues of interest to business professionals, Timeless Leadership focuses on one central point: that once the basic thought process of man is improved, the quality of his actions will improve as well, leading to better results. Uses an ancient religious text to highlight and explain key Western management concepts Explores the leadership ideas in the Bhagavad Gita and helps managers and leaders apply them to modern business life Weaves together the threads of wisdom from the Gita to shed light on issues and challenges for leaders at all levels Covering teachings and ideas that have only got better with time, Timeless Leadership adapts the wisdom of millennia past for today's business leaders. Being a very observant and inquisitive person, I noticed most educators are not adequately prepared to take on leadership roles in school settings. Most school leaders do not also spend time and possess

adequate resources to equip the leaders in their various settings. The issues above have resulted in both parties being frustrated, thus having negative effects on the productivity and efficiency of producing high-performing schools. This book is therefore designed to help solve this problem and to adequately prepare educators for leadership positions. It is also aimed at providing a template for school owners/leaders to train their teachers when equipping them for leadership positions. I believe this will go a long way to improving the quality and quantity of school leaders from generation to generation. The book has been written in an easy format for a stress-free read and implementation. You will agree with me that leadership is a journey; hence, it is yet another moment to pick up your toolbox and come along with me as I take you through some of my experiences and new discoveries as a consultant in the field of educational leadership. What does it take to do more with less? How can you do better than before, or better than others? How do you turn losses into wins, or near-bankruptcy into strong profitability, or abject failure into stellar success? The power of uplift enables any organization to do more with less, beat the competition, and perform better than ever. Leaders who uplift their employees' passions, intellects, and commitments produce remarkable results. Based on original research from a seven-

year global study, Uplifting Leadership reveals how leaders from diverse organizations inspired and uplifted their teams' performance. Distilling the six common characteristics of leaders at high-performing organizations across business, sports, and education, authors Andy Hargreaves, Alan Boyle, and Alma Harris explore the nature of uplift, its impact on performance, and the ways to achieve it within and beyond an organization's walls, revealing how leaders:

- Identify and articulate an inspiring dream that is coherently connected to the best of what the organization has been before*
- Pursue that dream at a sustainable pace without squandering resources, incurring excessive debt, or burning people out*
- Forge paths of innovation and improvement that others have overlooked or rejected*
- Monitor progress by using metrics and indicators in a mindful and meaningful way*
- Build teams that naturally pull people into change rather than pushing them through it*

Featuring case studies of organizations as diverse as Shoebuy.com, Fiat, Dogfish Head Craft Brewery, Marks & Spencer, Cricket Australia, Burnley Football Club, and the Vancouver Giants, as well as world-leading educational systems, Uplifting Leadership provides tools for leaders to incorporate these performance-driving strategies into their own. For leaders who want their people to try harder, transform what they do, reach for a higher purpose, and stay resolute

and resilient when opposing forces threaten to defeat them, Uplifting Leadership provides a path to better performance across any organization. Many people lead, but very few become apex leaders. Through detailed research and observation, this book identifies the ten most common practices among more than 307 qualities identified. Implementing these ten practices into your life will position you to become an Apex Leader. What is leadership? There are as many definitions of leadership as there are leaders. If you do an Internet search on the word leadership, you can get about 479,000,000 results, each definition as unique as an individual leader. Leadership is a difficult concept to define, perhaps because it means so many things to different people. This book has taken on the task of getting to the heart of what leadership is and how to define it. It has taken inspiration from those who have been our leaders in the past and from the most successful people who lead us today. Pay attention to what you're about to read. Think about the words you see and the messages they convey. More importantly, focus on how you can apply those messages in order to improve your life and the lives of others -- choose the ones that fit you best and inspire you to lead from the heart. Mastering the art of the set up is the difference between a good leader and a great one. Some people are born for leadership, but most of us will have to work hard to

produce great results while encouraging our team's individual growth and engagement. Today, when results are crucial and competition is intense, exceptional leaders must provide a work environment that allows their teams to grow their skills, own their outcomes, and attract other high performers. To be a true leader, you must set up others for success. Mark Noon's passion for helping organizations build a high performing culture is evident in this book. His research and experience lay the groundwork for those looking to lead teams with exceptional results and high engagement. Readers will learn: How to identify, structure, and fulfill goals, one step at a time. Why cultivating success in those around you makes you a great leader. How the day-to-day behavior of your organization becomes the culture of your organization, and how to turn it around. Great leaders, and those who aspire to be one, know that great organizations are not built on happenstance. Through deliberate planning, individual development, consistent communication, and a healthy dose of fun, you can set the course for your personal and professional success. Henry V is Shakespeare's greatest leader - inspired and inspiring, visionary yet pragmatic, powerful yet responsible. Olivier draws on his intimate knowledge of the play to unmask the secrets of inspirational leadership. The monumental classic on discipleship

and leadership training. A complete exposition of how Christ prepared His twelve disciples. Shares traditional Chinese folklore and tales that reveal useful lessons for life and business Do you have to lower your ethical standards in order to succeed at your job? High-Performance Ethics authors Wes Cantrell and James Lucas say that the answer is no. The authors outline ways to make ethical decisions (based on the Ten Commandments) that lead to highly successful business practices. High-Performance Ethics includes tips on how to lead a team with integrity, practical tools for resisting the pressure to compromise workplace standards, and encouragement for workers who want to see strong businesses—and strong values—thrive. 10

Principles: First Things Only (priorities) Ditch the Distractions Align with Reality (never claim support for a bad cause) Find Symmetry Respect the Wise Protecct the Souls Commit to the Relationships Spread the Wealth Speak the Truth Limit Your Desires From the man behind the bestselling How to series comes more essential business wisdom...and this time, it's nicely broken up into 50 digestible nuggets. This is dip-in, dip-out content - easily read, understood and implemented and complete with engaging illustrations. There are a handful of truly inspired and inspirational leaders in the world - you know who they are... and probably wish you were one of them. But leadership isn't easy - some say

it's an innate quality, a natural skill that only a select few demonstrate – but this thinking is nonsense, according Jo Owen. We can all become respected and effective leaders if we just follow some fundamental rules. Jo has studied what makes leaders effective everywhere – from the world's leading banks and management consultancies, to the world's oldest tribes in Africa. And he has distilled his observations into 50 practical rules that we can all follow and use to become the leaders we aspire to be. The health of business is inextricably linked with the health of humanity and nature. But our current approaches to leadership treat business as entirely separate—and the result has been recurring economic, environmental, and human crises. In this extraordinary book, Ram Nidumolu uses evocative parables and stories from the ancient Indian wisdom texts, the Upanishads, to introduce Being-centered leadership. This new kind of leadership is anchored in the concept of Being, the fundamental reality that underlies all phenomena. Being-centered leaders are guided by an innate sense of interconnection—the good of the whole becomes an integral part of their decisions and actions. Using the experiences of over twenty trailblazing CEOs, as well as those from his own life, Nidumolu describes a four-stage road map every aspiring leader can use to reconnect business to the wider world—to the benefit of all. Are you ready to

continue your leadership journey? This book gives practical and timeless principles that any person can learn and practice. This book was developed over 20 years with trial and error. Over the years, Sean Ortiz has created these 8 principles that are TIMELESS and this book will be a great addition to your leadership journey and library. So, as a leader, teacher, mentor, father, mother, or any person who wants to grow in their ability to lead and influence others. This book is for you. 1st Century Wisdom for 21st Century Leaders! Long before TED Talks, best-seller lists, podcasts and conferences, there was a man whose influence and impact changed the world. He came to be known as the Apostle Paul, and he can teach us quite a bit about leadership. Believe it or not, the same practices, strategies, and buzzwords that saturate modern leadership conversations were on display in Paul's life two thousand years ago. "Follow Me" pairs biblical accounts from Paul's life with modern anecdotes to offer 21 timeless leadership lessons. Leaders are not simply born; they are molded through life's victories and failures, triumphs and defeats. No one exemplifies this process better than Moses, the most important and celebrated character in the Hebrew Bible. Faced with great internal and external challenges, he was sculpted into a great leader not only by circumstance, but also by his own determination and devotion to his people. "Every

human has a seed of greatness buried in a gift needed by the world" Dr. Myles Munroe

When the word "leader" is mentioned, many are quick to exempt themselves, believing that it only refers to people occupying leadership roles or responsibilities in an organization or society. However, in "The Quintessential Leader", Bayo Fadugba does not just explain how that there is a seed of greatness and leadership in every one of us, he brings his vast experience as a leader for more than twenty years to play as he lays down a roadmap anyone can follow to unveil the leader in them. In this book, you will discover two key factors that define the concept of leadership, the most important credentials for the making of great leaders, why leaders fail and also the most effective, time-tested model of leadership. Sharing from the life and examples of Esther - the Queen of Persia, Moses, David, Saul and other leaders in this age, he reveals how true leaders can be the most unassuming of the lot and usually emerge under the most unexpected conditions. Whether you are a career-driven person, a family leader, politicians, someone in public service or even a leader within a religious setting, the principles in this book will sharpen your leadership potentials and place you on a higher pedestal of influence in your generation. By carefully examining the book of Mark, and the supreme examples provided in the Scriptures,

Briner shows today's leaders how to model themselves after the greatest leader of all: Jesus Christ. Organizations rise and fall on leadership. Leadership is so necessary in our world. There are innumerable places where the epitome of leadership is practiced. There are also innumerable places where leadership is lacking. I love the study of leadership, have been doing it for 33+ years, and expect to do it my whole life. Leadership fascinates me and the more I study it the more I validate how critical it is to teams, organizations, our nation, and our church. Leadership lessons are everywhere - what to do and what not to do. You can see it in day-to-day experiences, in the movies, in the church, in a small group, and especially in the Bible. In this book, I articulate 200 leadership lessons from God's Word. My life's purpose is to Positively Influence Lives. This is done primarily through leadership. My measure of success with this project is expose readers to God's Word, expose readers to some leadership lessons, and enable readers to build upon their leadership knowledge. Ultimately, I hope this newfound knowledge and perspective encourages readers to amplify their leadership regardless where they are in society or within an organization.
