Faszinierende Erfahrungsberichte von Menschen mit Nahtoderlebnissen – darüber, wie sich das Leben nach dem Tod wirklich anfühlt. Am Anfang stand eine zufällige Begegnung. Ein Medizinprofessor, der einmal für "klinisch tot" erklärt worden war, hatte doch überlebt und erzählte nun R.A. Moody, wie er das eigene Ende und das, was danach kam, erfahren, wie er sein eigenes Sterben und Totsein "erlebt" hatte. Im Verlauf einer fünfjährigen Untersuchung gelang es Dr. Moody, rund 150 solcher Fälle ausfindig zu machen. Menschen, die klinisch tot gewesen waren, dann aber doch weitergelebt hatten und nun von ihrer Erfahrung jenseits der Grenze berichten konnten. Jetzt in erweiterter Neuausgabe mit einem Vorwort von Melvin Morse und Elisabeth Kübler-Ross. Profiles a large Christian denomination that is only two centuries old, but has a rapidly growing member base, including a large presence in the Third World. Reviews the notable historical events in a chronology; explains the development of the Seventh-day Adventist as a world religion in the introductory essay; describes the persons, places, events, doctrines, publications, institutions, organizations, and societies that played a significant role in shaping the religion; and provides an extensive bibliography of works on Seventh-day Adventism and books expressing Adventist views on theological and other issues. The missionary work of the Seventh-day Adventist Church started in Southern Malawi in 1902, and histories of churches are usually told from that starting point. This book uses a different approach, it tells the story of Lunjika Mission (earlier called Mombera Mission) which begins in 1932, showing how the SDA Church met a new culture, that of the strongly patrilineal Ngoni and their neighbours to the North, and how it dealt with other churches that had started missionary work in that broad area up to two generations before. Church musicians' compensation obfuscates many religious people. One commentator of a nationally syndicated religious radio program stated that from all the religious questions, none is as controversial as Should church musicians should be paid? Darrell Alexander resolves the answer through fundamental Bible texts. If you are a church musician, minister of music, soloist, instrumentalist, choir member, church member, trustee, finance committee member, music workshop organizer, teacher, music workshop presenter, praise team member, interested in becoming a church musician, choir president, organist, pianist, choir director, chorister, church board member, deaconess, pastor, asst. pastor, deacon, professors, a bishop, a priest, a member of the leadership system for your congregation, denomination, and/or any religious organization, students of Theology, Music, Worship and Praise, Sacred Music, or just have a curiosity about whether church musicians should be compensated, then this book is a MUST READ for you! Darrell Alexander, the author, discusses the foundations of the creation of the world, Lucifer and the war in Heaven, the Levites, tithes and offerings, and ways to bridge the gap between ministers, musicians, choir members, administrations, and leadership systems of churches, and religious denominations. How do we differentiate between who is compensated in the church or not compensated? The author prays that Excellence in Worship: Should Church Musicians Be Paid?, helps to transform any assumptions of ideations, paradigms, and traditions, within churches and denominations and their leaders and members concerning the subject, so that we all may continue to strive for excellence in worship to God. Every church and its members and officials should have a copy in their library Excellence in Worship: Should Church Musicians Be Paid? is "straight talk" concerning, music, excellence in worship, tithes, offerings, and the church. "Compact, clearly printed, and a delight to use. A sine qua non for the reference collections of public, academic, and theological libraries". -- American Reference Books Annual Vols. for 1973- include the following subject areas: Biological sciences, Agriculture, Chemistry, Environmental sciences, Health sciences, Engineering, Mathematics and statistics, Earth sciences, Physics, Education, Psychology, Sociology, Anthropology, History, Law & political science, Business & economics, Geography & regional planning, Language & literature, Fine arts, Library & information science, Mass communications, Music, Philosophy and Religion. The Handbook of Global Contemporary Christianity: Movements, Institutions & Allegiance traces how the largest religion in the world is increasingly expressed in energetic global forms – leading to fresh modes of organisation, belonging, believing, and traditional and syncretic movements. Since the establishment of the Seventh-day Adventist Church in Malawi in 1902, there is now available much information on the cases, narratives and experiences of women that shows the contribution of women to the progress of the SDA mission in Malawi. That record reveals a notable increase in the developing role of women in the SDA Church in Malawi, blended with both successful and challenging experiences. This has prompted the writing of this book. My aim is to present a historical record of the developing role of women in the SDA Church in Malawi. The purpose is to provide a first critical analysis, in a Malawian context, of a wider range of biblical and socio-cultural issues affecting the role of women in the SDA Church in Malawi.
