The members are still preaching Pioneer's twisted message that the end of the world is near. *Divine wisdom for your everyday life from the book of Proverbs. In the Proverbs, God offers us wisdom for real life and he shows us Jesus, who was wisdom personified and exemplified. This accessible, absorbing expository guide to the Proverbs by Kathleen Nielson brings these ancient sayings to life, helping ordinary Christians to see what it can look like to enjoy living in line with God's wisdom in the great multitude of everyday situations and decisions we face. This book gives an expository rather than topical treatment to the book of Proverbs, so it can be read as originally intended. It also has more application than a typical commentary, making it a great resource for personal devotions, as well as useful for leading small-group studies or sermon preparation.*

*Although the British consider themselves a nation of dog lovers, what we have come to know as the modern dog came into existence only after a profound, and relatively recent, transformation in that country's social attitudes and practices. In *At Home and Astray*, Philip Howell focuses on Victorian Britain, and especially London, to show how the dog's changing place in society was the subject of intense debate and depended on a fascinating combination of forces even to come about. Despite a relationship with humans going back thousands of years, the dog only became fully domesticated and installed at the heart of the middle-class home in the nineteenth century. Dog breeding and showing proliferated at that time, and dog ownership increased considerably. At the same time, the dog was increasingly policed out of public space, the "stray" becoming the unloved counterpart of the*

household "pet." Howell shows how this redefinition of the dog's place illuminates our understanding of modernity and the city. He also explores the fascinating process whereby the dog's changing role was proposed, challenged, and confronted—and in the end conditionally accepted. With a supporting cast that includes Charles Dickens, Elizabeth Barrett Browning, Thomas Carlyle, and Charles Darwin, and subjects of inquiry ranging from vivisection and the policing of rabies to pet cemeteries, dog shelters, and the practice of walking the dog, *At Home and Astray* is a contribution not only to the history of animals but also to our understanding of the Victorian era and its legacies. Animals are increasingly recognized as fit and proper subjects for historians, yet their place in conventional historical narratives remains contested. This volume argues for a history of animals based on the centrality of liminality - the state of being on the threshold, not quite one thing yet not quite another. Since animals stand between nature and culture, wildness and domestication, the countryside and the city, and tradition and modernity, the concept of liminality has a special resonance for historical animal studies. Assembling an impressive cast of contributors, this volume employs liminality as a lens through which to study the social and cultural history of animals in the modern city. It includes a variety of case studies, such as the horse-human relationship in the towns of New Spain, hunting practices in 17th-century France, the birth of the zoo in Germany and the role of the stray dog in the Victorian city, demonstrating the interrelated nature of animal and human histories. *Animal History in the Modern City* is a vital resource for scholars and students interested in animal studies, urban history and historical geography. 'Gone Astray' is one of Chekhov's earlier comedic short stories that is a light-hearted romp about two drunken lawyers trying to find their way home at night. Chekhov's masterful use of irony is present here as one of the lawyers, Kozyavkin, accidentally violates the law by breaking into a house he believes to be his own. The short features some of Chekhov's most farcical images,

such as the overly confident Kozyavkin blindly stumbling through a chicken coop to find his misplaced belongings. 'Gone Astray' is a hilarious short story that is an interesting bridge between Chekhov's earlier comedic work and later melancholy stories as his satirical view of the upper classes is a constant theme throughout. Featuring terrific characters and slapstick comedy, 'Gone Astray' should be read by fans of Chekhov or the television series 'Curb Your Enthusiasm'. A prolific writer of seven plays, a novel and hundreds of short stories, Anton Chekhov (1860-1904) is considered one of the best practitioners of the short story genre in literature. True to life and painfully morbid with his miserable and realistic depictions of Russian everyday life, Chekhov's characters drift between humour, melancholy, artistic ambition, and death. Some of his best-known works include the plays 'Uncle Vanya', 'The Seagull', and 'The Cherry Orchard', where Chekhov dramatizes and portrays social and existential problems. His short stories unearth the mysterious beneath the ordinary situations, the failure and horror present in everyday life. This timely book explores the wisdom of the Gnostic Jesus, who challenges our preconceptions about the world and ourselves. Based on the Gospel of Thomas, the book recounts the missing years in Jesus' life and his time in Egypt and India, learning from Egyptian secret societies, then Buddhist schools, then Hindu Vedanta. Each of Jesus' original sayings is the "seed" for a chapter of the book; each examines one aspect of life — birth, death, love, fear, anger, and more — counterpointed by Osho's penetrating comments and responses to questions from his audience. The hunt is on for the perfect husband . . . Beneath Livy Monteith's icy blonde exterior beats a passionate heart, a heart that will not abide by society's rules. No, Livy will simply not marry the proper young man her parents have chosen for her husband. She'd rather die! But even her friends at Miss Debenham's Finishing School are shocked by the man she desires. Lord Dominic Lacey, the man they call Wicked Nic, is quite handsome, even more notorious, and every bit a scoundrel. Nic thinks he knows all about Livy. She's a proper young lady from an upstanding family, the kind of woman any respectable man would be thrilled to take as his bride—but

*Nic is not a respectable man. For Livy, even being seen with him would lead to certain scandal. So why is the ravishing innocent doing everything in her power to seduce him? Bedding her would be a delight. But a sinful night with a man like Nic would lead a girl very far astray indeed . . . A Place to Call Home... That's all that shelter dogs want. At the heart of the early reader book (suitable for ages 8+) is Astray - a puppy who once heard himself referred to as "a stray," and now thinks that's his name. His best friends are Buster, a tough little poodle, and Johnny, a high-class whippet. You'll also get to know Mick, a nasty-seeming pit bull who doesn't realize how much he needs a home until it's almost too late. The dogs cooperate to help him find one, using a plan concocted by little Astray. Will Mick find his home? And the others too? What about Astray himself? Find out in "Astray and the Shelter Dogs!" A survival manual for parenting a prodigal. This fascinating, fact-inspired fiction collection from Emma Donoghue, author of the bestselling *Room*, is a sequence of fourteen stories about travels to, in, and from North America. With the turn of each page, the characters that roam across these pages go astray. They are emigrants, runaways, drifters; gold miners and counterfeiters, attorneys and slaves. They cross borders of race, law, sex, and sanity. They travel for love or money, under duress or incognito. Donoghue describes the brutal plot hatched by a slave in conjunction with his master's wife to set them both free, and takes us to an early Puritan community in Massachusetts unsettled by an invented sex scandal. Astray also includes 'The Hunt', a shocking confession of one soldier's violent betrayal during the American Revolution, which was shortlisted for the Sunday Times Short Story Award. These strange, true tales light up four centuries of wanderings, offering a past in scattered pieces, and a surprising and moving history for restless times. Includes music. Going Astray; Arriving Home is a collection of essays authored by Mr. Ali Negahban. These essays are about sensor and self-sensor, book reviews and language in modern literature in Iran.*
